FORHP Provides Staff Support

- National Advisory Committee on Rural Health & Human Services
  - Advises the Secretary of HHS on Rural Issues
  - Policy Briefs and Recommendations Available Online

Research

- **Research Centers**
  - The only Federal research program entirely dedicated to producing policy-relevant research on health care and population health in rural areas
  - Help policy-makers better understand the problems that rural communities face
  - Analyze the implications of Federal and State policy options
  - Communicate research results to policy-makers and others who may take action

Resources

**Policy and Research**

http://www.ruralhealthresearch.org/

Policy Briefs Available

FORHP Workforce Interventions

- Rural Workforce Charge in the President’s Budgets’ beginning in FY10 for the “Improving Rural Health Care Initiative”
- **Focus Areas**
  - Expanding Rural Residency Training
  - Pilot grant for rural training experiences
  - Partnering with Other Federal Partners
    - Enhance work of the Rural Recruitment and Retention Network

Rural Training Track Technical Assistance Program

- Current 3-year cooperative agreement with NRHA began in FY 2013
- Year 3 of funding begins Sept. 1, 2015
- RTT Collaborative (Sustainability)
  - Developed 501(c)(3) to enhance/enlarge focus to include other models of rural medical student and residency training

RTT TAP Objectives

- Sustain established family medicine residency RTTs.
- Assist in the development of new RTTs.
- Increase the number of students who match to RTTs.
- Build an evidence base of RTT program characteristics and graduate outcomes.
Rural Training Track
Technical Assistance Program
“A consortium of organizations and individuals committed to sustaining RTTs as a strategy in rural medical education”

Funded and implemented in cooperation with Federal Office of Rural Health Policy

Workforce

- President’s 2016 Budget
  - Re-Thinking Residency Training
  - Expansion of the NHSC
- Other FORHP Investments
  - Recruitment and Retention
  - Health IT Training
  - Allied Health

President’s Budget FY 2016

- Modernizing Graduate Medical Education
- Expanding the National Health Service Corps (NHSC)
- Extending Enhanced Medicaid Primary Care Payments
- Other provisions include $4 million to fund a new Rural Physician Training Grant program

HRSA Rural Workforce Initiative Examples

- Teaching Health Centers
- National Health Service Corps (NHSC)
  - CAH Pilot
- Nurse Corps
- State Loan Repayment Program (SLRP)
ACA Coverage to Care

- If you’re a provider, staff, or someone helping people who are new to insurance, there are a few resources to address topics such as:
  - What it means to have health insurance
  - How to find a provider
  - When and where to seek health services
  - Why prevention is important

- Resources:
  - ACA Coverage to Care (PDF)
  - A Roadmap to Better Care and Healthier You
  - A Roadmap to Better Care and Healthier You (Spanish)
  - Discussion Guides for Community Partners
  - Your Roadmap to Health (poster)
  - Your Roadmap to Health (poster in Spanish)

ACA and Community Health Centers

- $11 billion provided through 2015 to expand network and increase number of patients
- $9.5 billion will create new health center sites in underserved areas and expand services at existing sites
- $1.5 billion will support construction and renovation
- Includes $200 million to expand services at School-Based Health Centers

Community Health Center Program

- Serves more than 20 million patients annually
- Utilizes coordinated patient-centered health care home model
- Since 2009 health centers have added more than 25,300 new full-time positions, increasing their employment to more than 138,000 staff nationwide

Health Center Program

Increase Access - Calendar Year 2013

- 2013 HEALTH CENTER IMPACT
  - Program/Geographic: 21.7 million patients
  - Served: 93.1 million
  - Provided: 1.2 million
  - Employed more than 156,000 staff
  - Served 1 million
  - Provided 4.1 million visits
  - 74.1% of patients uninsured
  - 32.6% of patients below poverty
  - 1 in 4 individuals living below poverty
  - 1 in 6 uninsured persons in the United States
ACA and National Health Service Corps

Authorizes and appropriates $1.5 billion for the NHSC through 2015
- FY2011: $290 million
- FY2012: $295 million
- FY2013: $300 million
- FY2014: $305 million
- FY2015: $310 million

New Flexibilities
- Establishes permanent half-time service opportunities of 2- and 4-year contracts for the Loan Repayment Program
- NHSC participants may now receive up to 20 percent service credit for teaching (and up to 50 percent in Teaching Health Centers)

ACA and National Health Service Corps

- Nearly 10,000 NHSC clinicians are providing care to more than 10.4 million people who live in rural, urban and frontier communities
- Additional 1,000+ students, residents and health providers preparing to go into practice receive support through scholarships and the Students to Service Loan Repayment program
- www.nhsc.hrsa.gov

H.R.2 - Medicare Access and CHIP Reauthorization Act of 2015

- Medicare portion of the Act permanently repeals the Sustainable Growth Rate (SGR)
- Children’s Health Insurance Program (CHIP) receives a 2-year funding extension through FY 2017
- NHSC funded at $310 million per year through FY 2017, maintaining the program at the FY 2015 level
- Teaching Health Centers will receive $60 million per year through FY 2017 (an increase from $46 million per year)

- All services are free!
VHA Office of Rural Health (ORH)

- The VA Office of Rural Health (ORH) was created by Congress in 2006 under Public Law 109-461, Section 212
- Mission: Improve access and quality of care for rural and highly rural Veterans
- Works across VA and with external partners to develop policies, best practices and lessons learned to improve care and services for rural and highly rural Veterans

ORH Vision
The VHA Office of Rural Health collaborates with other VA and non-VA entities to improve healthcare for all rural Veterans. We are committed to enhancing health and well-being.
