

The Rural Training Track Collaborative Virtual Scholarly Intensive
A Community of Practice in Rural Health Research

February 17, 2023

11:00 AM – 3:00 PM CST (9:00 AM PST; 10:00 AM MST; 12:00 PM EST)

Zoom

To support a community of practice in rural health professions' education and training program scholarship, The RTT Collaborative established an Annual Scholarly Intensive for Rural Programs. Join us for our second annual virtual event in 2023.

Join other health professions educators from rural training programs around the nation, to achieve the following:

1. Increase the number and variety of scholarly publications, presentations and posters from programs, faculty and students in rural health professions education and training.
2. Provide a forum for (a) dissemination, (b) faculty and student professional development and training, and (c) mutual encouragement
3. Sustain and grow a community of practice in rural program scholarship among individuals and organizations engaged in the education and training of health professionals, both undergraduate and graduate programs, around our nation

AGENDA

11:00 AM – 11:15 AM CST Welcome and Overview
